Dear Friends at GVI Property Management,

On behalf of President Clinton, President Bush, and our neighbors in Haiti, we thank you for your donation to the Clinton Bush Haiti Fund as follows:

Gift Date: 10/7/2010
Gift Amount: \$ 2,750.00

The earthquake that struck Haiti in January killed and injured over a quarter-million people. Port-Au-Prince, the capital city, and parts of the island nation were reduced to ruins. In spite of the great loss of life and lack of food, water, and shelter, the people of Haiti are resolute -- devoted to protecting the vulnerable as well as rebuilding their homes, schools, and businesses.

We have been inspired by the American people's commitment to assisting the Haitian people during this time of great suffering. We are dedicated to making the most of your kindness. Every dollar donated to the Clinton Bush Haiti Fund will go towards building back a stronger country. The Clinton Bush Haiti Fund plans to do this by focusing on sustainable, longer-term reconstruction, mainly job creation and the promotion of economic opportunity.

With this donation we will help rebuild lives and livelihoods in Haiti. Thank you for your support as we help Haiti grow from the poorest country in the Western Hemisphere to a country where every Haitian has the ability to achieve their full potential.

With gratitude,

Gary Edson
Chief Executive Officer
