Generous people
leading the way

Mid-South Division

For lifesaving cancer information anytime, day or night, please call us at 1-800-ACS-2345 or visit www.cancer.org

Thank you!

Dear Friend,

On behalf of the Mid-South Division staff and volunteers of the American Cancer Society, I graciously thank you for your continued contributions. We truly appreciate your most recent gift of \$1,500.00 through Relay For Life®.

Your support makes you a member of *The Society*, an exceptional group of people that gave more than \$240 million last year!

Thanks to continuing support from caring donors like you, we are working to eliminate cancer as a major health problem.

To learn how we're doing that, how to help, or how we can help you, call 1-800-ACS-2345 or visit www.cancer.org anytime, day or night. Thank you again for your ongoing generosity and for being a member of *The Society*.

Sincerely,

Edward E. Partridge, MD
Chairman of the Board

P.S. Your donation could be worth twice as much! Many companies will match their employees' gifts to charitable organizations. To find out more, visit www.cancer.org/matchinggifts or speak with your employer.

Your support helps the American Cancer Society fund critical cancer research!

Because of your generous contributions, the American Cancer Society-funded scientists are exploring new areas of cancer research and treatment technologies.

Dr. Susan Forsburg, an American Cancer Society grantee and researcher in the Department of Biological Sciences at the University of Southern California, is using yeast cells to study the DNA regulation mechanism that allows cells to divide once, and only once.

"Cancer is about cells dividing out of control," Susan says. "Until we know how they divide normally, we can't know why the process goes wrong. If we can understand the DNA replication mechanism, maybe one day we can halt or slow dividing cancer cells in the human body."

Discover exciting cancer research by asking for a recent *progress newsletter*. Call 1-800-ACS-2345 or visit www.cancer.org anytime, day or night.

Your Recent Contribution

Gift Date	Gift Amount	Gift Source
12/31/06	\$1,500.00	Relay For Life®

No goods or services were provided for this gift unless indicated above.

Your recent gift is helping people fight cancer by funding critical cancer research, education, advocacy, and patient services.

What's going on in your area:

Every spring, people across the country join the fight against cancer through the American Cancer Society Daffodil Days®. Share hope for a cancer-free world by sending beautiful daffodils in exchange for a donation. For more information about Daffodil Days in your area, contact the American Cancer Society at 1-800-ACS-2345 anytime, day or night, or visit www.cancer.org/daffodilsonline. Give daffodils. Give hope™.
